

HELTER SKELTER (2004)  
Susan confesses Sharon Tate murders

Sybil Brand Jail (Los Angeles). Night.

SUSAN, 21, is smoking with RONNIE, 45.

SUSAN

I'm definitely not worried about the cops, I mean, they just suck. Stupid, man.

RONNIE

If they're so stupid, why are we in here?

SUSAN

They got me in the wrong murder. How's that for stupid? There's this case right now, they're so far off, they don't even know what's happening.

RONNIE

What case?

SUSAN

The thing up in Benedict Canyon.

RONNIE

Benedict Canyon. You don't mean Sharon Tate?

SUSAN

Well, you know who did it, don't you? You're looking at her.

RONNIE

Yeah, right -

SUSAN

I did! There were three other people with us but I killed the Polish guy.

RONNIE

They said it was probably a drug thing or something.

SUSAN

Paper's worse than the cops! I heard one that said there were hoods on their heads. Stupid. There weren't any hoods.

RONNIE

You're saying that you killed  
Sharon Tate... and the others?

SUSAN

We all did our fair share. I did  
stab Sharon, though. "Please don't  
kill me! I wanna live, I wanna have  
my baby!" She was the last to die.  
She had to watch the others. I was  
gonna cut the baby out of her, but  
- well, it's a long story - but  
believe me, there's gonna be plenty  
more. We've already killed eleven  
people so far. We're gonna travel  
the whole country and we're gonna  
kill families in all those little  
small towns. And then we're gonna  
move on, we're gonna kill again,  
and... it's all being planned. But  
anyway, when I was finished with  
Sharon I had all this blood on my  
hands, so I tasted it. Wow! What a  
trip. I mean to taste death, yet  
give life. Have you ever tasted  
blood?
